

## **Marking Guide of Individual Blog**

### **Requirements**

- The Individual Blog should be a public blog (Please see Lab Sheet 0 for further details)
- To get full marks you should have a minimum of seven blog posts.

### **A Valid Blog Entry should be**

- written by the student, using his/her own words. You can't copy content off another website,
- Should be relevant to the experience the student has obtained related to the AF module. e.g. exploring technologies discussed in AF, the project, using public forums such as Stack Over flow etc.
- spread over the semester. Ideally you are expected to post an entry at least once in two weeks. Only one entry will be considered valid per week. e.g. If you post only seven entries during the entire semester and all of them are from a given week, you will have only one valid entry.
- containing a minimum of 200 words.

### **Marking Scheme – 5 Marks**

Mark each for each valid post (only one entry can be counted per week)

0.5x7 blog entries - 3.5 Marks

0.5 Marks - A Stack Over Flow Question or Answer posted by you.

1 Mark – Quality of the Blog Entries
